

HEALTHTRANS™

A healthier approach to pharmacy benefits

HealthTrans Value-Based Formulary

October 2008

This formulary drug list is a guide within select therapeutic categories for members and healthcare providers. Generics listed in therapeutic categories are for representational purposes only and are not all-inclusive. Preferred brand name medicines are also listed to help identify products that are clinically appropriate and cost-effective.

MEMBER

Your benefit plan provides you with a prescription benefit program. Please ask your doctor to consider prescribing a preferred medicine from this list when medically appropriate. Bring this list when you or a covered family member sees a doctor.

Please note:

- * **Generics are often available at the lowest co-pay.**
- * Your specific prescription benefit plan design may not cover certain categories, regardless of their appearance in this document.
- * Unless specially indicated, drug list products will include all dosage forms.

HEALTHCARE PROVIDER

Your patient is covered under a prescription benefit plan. As a way to help manage healthcare costs, please authorize generic substitution whenever possible. If you believe a brand name product is necessary, consider prescribing a brand on this list.

Please note:

- * **Generics should be considered the first line of prescribing.**
- * The drug list is not all-inclusive nor does it guarantee coverage, but presents a summary of prescription coverage.
- * The member's specific prescription benefit plan may have a different co-pay for specific products on the list.
- * Unless specifically indicated, drug list products will include all dosage forms.

Quick Reference: Alphabetical List

Accu-Chek	<i>cephalexin</i>	<i>fluticasone</i>	Nasonex	Singular
Actonel	<i>cetirizine</i>	Foradil	Novolin	Spiriva
<i>acyclovir</i>	<i>cetirizine/PSE</i>	<i>furosemide</i>	Novolog	Synthroid
Advair Diskus	<i>ciprofloxacin</i>	<i>glipizide</i>	Nuvaring	<i>terbinafine</i>
<i>albuterol</i>	<i>citalopram</i>	<i>glyburide</i>	<i>omeprazole</i>	<i>tetracycline</i>
<i>alendronate</i>	<i>clarithromycin</i>	Humalog	One Touch	Travatan
Alphagan P	Climara	Humulin	Ortho Evra	<i>triamterene w/hctz</i>
<i>amlodipine</i>	Combivent	<i>hydrochlorothiazide</i>	<i>oxybutynin</i>	Valtrex
<i>amlodipine-benazepril</i>	Copaxone	Hyzaar	Oxytrol	<i>venlafaxine</i>
<i>amoxicillin</i>	Coumadin	<i>ibuprofen</i>	<i>paroxetine</i>	<i>verapamil ext-rel</i>
<i>amoxicillin-</i>	Cozaar	Imitrex*	<i>pravastatin</i>	Vivelle-Dot
Asmanex	Cymbalta	<i>itraconazole</i>	Premarin	Vytorin
Astelin	Detrol	Janumet	Premphase	<i>warfarin</i>
Atacand	Detrol LA	Januvia	Prempro	Xalatan
Atacand HCT	<i>digoxin</i>	Lantus	Prevacid	Xopenex
<i>atenolol</i>	<i>diltiazem ext-rel</i>	Levaquin	<i>prilosec otc</i>	Xopenex HFA
Avalide	<i>doxycycline</i>	<i>levothyroxine</i>	ProAir HFA	Yasmin 28
Avapro	Effexor XR	Lipitor	<i>propranolol</i>	Yaz
Avelox	<i>erythromycin</i>	<i>lisinopril</i>	Proventil HFA	Zetia
Avodart	Estraderm	<i>lisinopril-hctz</i>	<i>quinapril</i>	<i>zolpidem</i>
<i>azithromycin</i>	<i>estradiol</i>	Lumigan	Rebif	Zomig
BD Insulin Syringe / Needles	Evista	Maxalt	Relpax	
Betimol	<i>fexofenadine</i>	<i>metformin</i>	Rhinocort Aqua	
Betoptic S	Flomax	<i>metformin er</i>	Serevent Diskus	
Caduet	Flovent	<i>metoprolol</i>	<i>sertraline</i>	
	<i>fluoxetine</i>	Nasacort AQ	<i>simvastatin</i>	

This list represents Brand products in proper case and *generic* products in lower case italics.

Your specific prescription benefit plan design may not cover certain categories, regardless of their appearance in this document.

* A generic equivalent for this medication is anticipated during 2008. Generics should be considered the first line of prescribing.
